### 1. Where the neighbors meet and greet

The **Temescal Farmers' Market** is ground zero for gourmands, and Chez Panisse alum Joel Baecker bakes its best new grub—beautifully blistered pizzas—in his portable wood-burning oven. He tops the 9-inch pies (from \$8) with spring onions, mushrooms—whatever's at its peak. The most satisfying item never changes: breakfast pizza (\$10), a cheese pie brightened by a sunny-side-up egg. 9–1 Sun; 5300 Claremont Ave.; [urbanvillageonline.com](http://urbanvillageonline.com)
